

## CORONA VIRUS PRAYER

Almighty and merciful God, you assure us that your hand is not too short to save, nor your ear too dull to hear our prayer (Isaiah 59:1). You have revealed that you are ever attentive to our supplications. Your children are under the grip of fear because of the fast spreading corona virus pandemic in the different parts of the world. Send the power of your word and calm the storms of fear and desperation.

Father God take authority over the present crises that your children may live in peace and security. You are the Lord who heals us. Heal those affected and strengthen their afflicted families. Give courage, protection and comfort to the medical personnel taking care of the sick. May your grace and comfort surround the dying and may their souls rest in peace.

Holy Spirit, give wisdom and guidance to the scientists doing research that they may develop an effective medicine to combat the sickness speedily. We pray for the government authorities that they may take appropriate steps for the good of the world.

Lord Jesus, we remember you said " God so loved the world that He gave His only son that everyone who believes in Him might not perish but might have eternal life" (John 3:16). With the apostles we cry out to you, " Lord, save us, we are perishing" (Matthew 8:25).

Let not this present crisis lead your children to fear and gloom; let them rather turn their hearts to you, finding their hope in you who is our refuge forever and ever.  
Amen.
